JUSTIFICATION

The new edition of the educational-professional program 293.00.01 "International Law" was approved by the decision of the Academic Council of Borys Grinchenko Kyiv Metropolitan University on 20.06.24, Protocol No. _.

The adoption of the new edition of the educational-professional program is due to the need to bring the educational-professional program in line with the state Standard and consider the recommendations of experts and the NAQAHE (National Agency for Higher Education Quality Assurance), made during the accreditation in 2023.

During the implementation of the educational-professional program 293.00.01 "International Law" (2021 – 2023) and based on the proposals of the academic staff of the Department of International Law, European and Euro-Atlantic Integration, students, heads of internship bases, the Council of Employers of the Faculty of Law and International Relations, and in connection with the approval of the state Standard for specialty 293 International Law, the educational program was revised and amended.

These changes led to the development of a new edition of the description of the educational-professional program.

Annex1– ELECTIVE PART OF EDUCATIONAL PROGRAM

The implementation by students of the right to free choice of academic disciplines, stipulated in clause 15, part 1, article 62 of the Law of Ukraine “On Higher Education” at Borys Grinchenko Kyiv Metropolitan University, takes place in accordance with the Regulations on the procedure and conditions for choosing academic disciplines by students, approved by order No. 642 of 25.11.2016.

1. Elective block 1

«Legal Regulation of International Economic Relations»

The elective module «Legal Regulation of International Economic Relations» aims to deepen general and professional competencies within the specialty 293 «International Law» and this educational program through: the study of branches of international law that regulate international economic relations (financial, customs, environmental, investment) and the national law of Ukraine; forming students' holistic understanding of ways to resolve foreign economic disputes, the ability to resolve foreign economic disputes and represent subjects of foreign economic relations in the process of resolving foreign economic disputes through legal proceedings and arbitration.

A logically structured block of elective components is offered for study, which simultaneously aims to deepen program competencies within the chosen educational program and develop additional ones. The block is chosen at the end of the first year of study. Each semester, students have forms of assessment for different components of this block, and there is also a choice of academic disciplines from the Course Catalog, considering their own needs and interests.
